ANNOUNCEMENT FORMS

News, community events and sports photos from: Dundee, Penn Yan, Watkins Glen, Odessa-Montour and Hammondport can be found and purchased from our photo partner SmugMug.

To make a donation to the building fund, checks can be made out to The Dundee Library Building Fund and mailed to 32 Water St., Dundee, NY 14837.

100-year anniversary.

Thomas added in 2020 the library will also celebrate their 100-year anniversary.

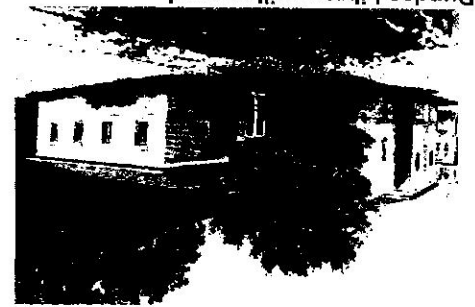

For the second phase of the project in 2020, a number of changes will be made to increase the size of the children's room. Thomas said the building changes were suggested by their architects while keeping in mind the building's historical integrity. Thomas believes the second phase will also cost around \$200,000 or maybe a little bit less.

Thomas added in 2020 the library will also celebrate their 100-year anniversary.

DUNDEE--The Dundee Library has approved a capital project plan to expand their facility.

Kay Thomas, a library trustee said, "We will be adding a community room at the back of the library this year and then in 2020 the library will expand the children's room."

Thomas said the library applied for a grant from the Southern Tier Library System in 2018. The grant was approved to be used in two separate phases (starting in 2019 and the second part in 2020). Thomas said the first phase this year will include the community room with a kitchenette and a bathroom at the back of the building. Phase one includes a \$200,000 grant from STLS and the Dundee Library is responsible for providing \$50,000 or 25 percent of the total project cost. Thomas said a building fund has been established and they have already received \$20,000 in donations toward the goal. Thomas said they expect to receive the grant money soon and construction should begin later this year in November or December.

For the second phase of the project in 2020, a number of changes will be made to increase the size of the children's room. Thomas said the building changes were suggested by their architects while keeping in mind the building's historical integrity. Thomas believes the second phase will also cost around \$200,000 or maybe a little bit less.

Thomas added in 2020 the library will also celebrate their 100-year anniversary.

To make a donation to the building fund, checks can be made out to The Dundee Library Building Fund and mailed to 32 Water St., Dundee, NY 14837.

Library expansion approved

The Dundee Library was built in 1918 and last expanded in 1977.

GWEN CHAMBERLAIN/CHRONICLE-EXPRESS

By John Christensen
The Chronicle-Express

At the Yates County Planning Board meeting Nov. 21, the Dundee Library Director Linda Nichols appeared seeking approval of a site plan for an expansion at the rear of the existing historic library on Water Street.

The existing building consists of three distinct portions:

- The original 1918 library, facing Water Street, which

includes a basement and the main floor. The work in that area will be limited to new flooring, painting, and minor cosmetic repairs.

• A 1977 addition, also with a basement and main floor. The work here will include creating an "Internet Cafe" in the Main Floor, in an area previously devoted to administrative offices, and a basement level connection to the 1918 building, to expand

the Children's Library located in that area, and accommodating an new administrative area and "Teen Room."

- A very small 1993 addition, built to offer a wheelchair accessible entrance at the back of the building. This area will be modified to accommodate a new ADA-compliant restroom and to connect to the new addition.

The addition will house a meeting room for 60 people, with a kitchenette, vestibule and storage room, and a new ADA compliant access ramp. Nichols says they are planning to add a new entryway in the back so community groups will be able to use the meeting room even when the library itself is closed. The addition exterior will substantively

match the existing building materials. The existing parking lot will be shifted farther back and made slightly smaller in area but not number of spaces.

Phase 1 of the project, the shell of the addition, is expected to begin in the spring of 2020. Phase 2 will proceed immediately after Phase 1 and includes all interior finishes and systems. It is estimated the project will take approximately 10 months to complete. Nichols says they have

the Yates County Legislature because it involves more housing units covered by the tax incentive program. The board previously approved the PILOT agreement for the 76 units that are on the Town of Milo portion

Griffin also reported that Keuka Outlet Developments' Keuka Moorings condominium project on the former Penn

not decided if the library will be closed during construction or not. A temporary ramp to the front entrance may be considered or possibly moving the library's services to another location during the project.

Funded largely with grants, the library still has to raise \$70,000 to \$80,000, but has already met their first goal of 25%. The application was unanimously approved as having a positive county-wide impact.

sition, and a motion to transfer funds from the fund balance to cover those additions was unanimously approved. A motion to add \$100,000 to the contingency fund from the fund balance was also unanimously approved. Chairman Douglas Paddock said the \$100,000 will be used to cover some potential increases that may be incurred.

General's office reviewer. The explanations remain the same, according to Griffin, reporting what developer Chris Iversen has told him: the final total project cost has yet to be firmly set, and this individual reviewer's reported belief that condominiums are unpopular in communities.

Other business on the legislature's agenda Nov. 21 included three resolutions to create and fill two positions in the District Attorney's office and one in the Sheriff's office. District 3 Legislator Carlie Chilson cast the lone no vote against the confidential secretary and law enforcement liaison position in the DA's office. Morrison cast the lone no vote

Other business

Also approved was a request from Village of Penn Yan applicant Teresa Vivier, of Keuka Taxi, for Site Plan approval at 8 Bush Park, owned by Robert Cirencone. The Viviers will begin selling used cars and continuing the U-Haul rental agency. Cirencone, who recently closed his auto body shop, will also be selling used cars as a separate business on the same property.

Keuka Taxi will be relocating their office to Bush Park and closing their site at East Elm Street. Uses will include parking taxis and buses, and adding a 500-gallon gasoline tank located above ground for environmental concerns for fueling the taxis. Used cars will be parked at the back of the lot. The application was unanimously approved as not having any intermunicipal or county-wide impact.

Other business on the legislature's agenda Nov. 21 included three resolutions to create and fill two positions in the District Attorney's office and one in the Sheriff's office. District 3 Legislator Carlie Chilson cast the lone no vote against the confidential secretary and law enforcement liaison position in the DA's office. Morrison cast the lone no vote

against the sheriff's investigator position. The Assistant DA position was unanimously approved. All three positions are being added to the county's workforce because of the anticipated increased workload in the DA's office and the Sheriff's office related to statewide criminal justice reforms.

By the Numbers Keuka Shores PILOT:

All projections provided by FLEDC are based on the total life of the incentive program.

Total Tax Incentives: **\$1,034,400**

- Sales tax abatement: 505,366
- Mortgage tax abatement: 132,000
- PILOT Abatements: 389,523

Total Economic Benefit: **\$19,127,049**

- Construction Cost: 15,573,075
- Property taxes paid: 397,034

All invited to outdoor reading social Oct. 1

The library board of trustees announced last Monday, Sept. 21, that the funding has been raised for the renovation and addition to the library. Seventy-five percent of the funding came from NYS Library construction funds through the Southern Tier Library System. The remaining 25 percent was raised through grants and local contributions. The board is excited that the building is almost complete and that the fundraising is done. For your future planning the library will be closed Saturday, Oct. 10 for the installation of new flooring. The construction will be finished soon.

The time to complete the census has been extended. Be counted! We are ready to help you sign in online. Give us a call, 243-5938.

Be sure to join us Thursdays at 3 p.m. for Adult Read Outdoors, weather permitting. Bring a chair, bring a book and bring a mask to read on the library lawn.

One Fox: A Counting Book Thriller and *A Little Book About Colors* are the two titles we will feature during our colors and numbers story time. You may have guessed by the title that *One Fox* is also a mystery which will help us set the tone for the mysterious month of October. See you on Facebook Live Oct. 1 at 10:30 a.m. on Facebook Live.

Calling all avid readers, stop by for a reading social and stop by to say hi to our staff Thursday, while we gather outside for

too fun for your kids to suspect they are nutritious too. Help your children learn to count too, while they add in ingredients. Tune in Thursday, Oct. 1 at 4 p.m.

Flashback Friday is going with a Harry Potter theme this Friday and we can't wait for you to join us. Pick up some decorating ideas for Halloween during our meeting outside the library at 4 p.m. (weather permitting).

Be a "stroller" or bring your family with your stroller for our Autumn Stroller Walk Saturday, Oct. 3 from 10 a.m. to 2 p.m. at the Seneca Street Park in Dundee. Thank you to the village of Dundee for allowing the Dundee Library and Our Town ROCKS to use the park for our bookwalk featuring *The Little Yellow Leaf*.

Stop and pick up our latest program Monday afternoons from our outdoor treasure chest. This is a passive program you can share with your family on your own schedule. Activities will vary each week, some will be crafts or STEM/STEAM based activities. Each kit will include essential supplies for the activity, but will not include scissors, tape, glue, markers or

in the month of November. Join us Tuesday, Oct. 5 from 3-5 p.m. outside the library weather permitting.

We are offering an opportunity to apply for and work on these two VFW scholarships using library resources. Before the start of the program our staff will pull topic related research materials for you to use. We also have free Wi-Fi access to offer participants, and will gladly pull additional requested materials during and after this event. Thank you to John Antes and the VFW for sharing this program with us. Our first meeting is Wednesday, Oct. 7 at 3 p.m. outside the Dundee Library, weather permitting.

Girls Who Code is going strong and we would love to invite new members to join us. If you are interested in computer science and coding or would just like to build a new friendship stop in and visit us Oct. 7 at 4 p.m. outside the Dundee Library weather permitting. This week we are going to make our Sprites fly using Scratch.

The library computers are now available by appointment from 1-4 Tuesday-Friday. Call for an appointment. You must wear a mask.

You can call the library to request books and other materials Monday-Friday from 12-4. You will be notified of a time to pick up your order in front of the library. Books can be returned from noon-4 Monday-Friday, 10-2 on Saturday, at the front of the library. Books will be quarantined for 96 hours after you return

Mia Clemens, Dundee library board president, places the final contributions on the fundraising thermometer for the library renovation and addition.

EDITORIAL

Library is valuable resource for Dundee

To the Editor:

The Dundee community is so fortunate to have the Dundee Library as an available resource, especially during this pandemic. We are also fortunate to be blessed with Linda Hardy and PJ Johnson, the library clerks, who

run our books up and down the front steps to our cars, make and receive numerous phone calls to all the patrons who cannot enter the library yet to choose their own books, and know the authors many of us always read, so they can let us know a book by that author is on reserve for us. Thank you Linda and PJ for all you do for the library patrons.

to the bottle before it is sealed. This starts a second fermentation in the bottle, which produces the carbonation. Before the Champagne is finished, the sediment left by the dead yeast is expelled, or disgorged, from the bottle.

Disgorgement Date: Two bottles of nonvintage Champagne, if they are disgorged at different times, will taste like different wines. That's why more producers are adding the disgorgement date to the back label. The information is especially helpful if the dominant vintage in the blend is also identified, so consumers can know how long the wine aged before disgorgement. Sometimes this information is not on the label but is available

County Medals—4-Hers who have reached a level of mastery in a project area or an area of self-development qualify for a county medal. These awards are presented after several years of project work that has shown progressive development in a specific project area in which youth have used their head, heart, hands and health to take their project to a higher level. The following 4-Hers received county medals:

Brennan Dailey—Community Service, Citizenship, Achievement
 Laura Bagley—Rabbit Science, Sportsmanship, Community Service, Achievement
 Emilie Thomas—Community Service

Special Awards

The Allen Stewart Memorial Award was created by Allen's family to honor her dedication to the 4-H program. This award

The new back entrance is open. The doors are automatic. Just wave your hand in front of the sensor on the right of the door to open it. The new inside book drop is to the left when you use this entrance. Construction is nearly complete.

As with our other programs we will meet virtually if we need to. Please call 607-243-5938 if you have a kiddo who is interested. Girls Who Code is back again in the New Year and we can't wait to code again! Meetings will be Wednesday at 4 p.m. Virtual Aspiring Chefs will also continue to be offered on Facebook on Thursdays at 4 p.m.

Our Maker Mondays have been very popular and so we are happy to continue this passive program into 2021. Just stop by and pick-up your kit between 2-5 p.m. from our treasure chest on Mondays. Now that our construction project is complete the treasure chest is located next to our indoor book drop using the rear entrance to the library.

Odyssey of the Mind groups are continuing to meet Tuesday afternoons but will go virtual if necessary. We are thankful that Google Meets has helped us to continue to meet virtually when meeting in person is not possible. The Dundee Library is starting a brand new program that will give our kids a chance to perform again. The program is called Tales with Tails and will coincide with this year's Summer Reading Program Tales and Tails. There will be at least one small skit offered, but we can offer more if there is a bigger response. Our goal is to have the kids work on the whole production, scenery, costumes, sound effects and of course perform the skit. This program will be offered Wednesdays at 3 p.m.

MELINDA MYERS is the author of more than 20 gardening books, including Small Space Gardening. She hosts The Great Courses "How to Grow Anything" DVD series and the nationally-syndicated Melinda's Garden Moment TV & radio program. Myers is a columnist and contributing editor for Birds & Blooms magazine.

Once you know what you want to grow, it is time to create a seed starting calendar. Check the catalogue, University Extension recommendations, and back of the packet to determine when you need to start the seeds indoors or out. Include dates for starting seeds indoors and directly in the garden. Note the recommended date for moving transplants into the garden. Add in time as needed to harden off transplants. Gradually introducing plants to the garden environment over a

Make this the year you resolve to accomplish your gardening goals in a timely manner. You'll maximize your harvest, enjoy-ment and other gardening benefits.

Record all this information on your calendar, garden chart or a spreadsheet to help keep your gardening efforts on track. This will also help you identify the best time to embark on larger landscaping projects or hire a plant sitter when you are away from the garden.

As the season begins, family and friends for a harvest and preservation party. While you wait for your seed order to arrive, prepare a space and organize supplies for starting any seeds indoors as needed. Clear a space, check your grow lights, and gather the needed seed starting mix and clean containers. Soak used containers in a one-part bleach and nine-parts water solution for 10 minutes. Then rinse with clear water before reusing them this year.

A recent increase in gardeners means more people shopping for the seeds and plants you want to buy. While you wait for your seed order to arrive, prepare a space and organize supplies for starting any seeds indoors as needed. Clear a space, check your grow lights, and gather the needed seed starting mix and clean containers. Soak used containers in a one-part bleach and nine-parts water solution for 10 minutes. Then rinse with clear water before reusing them this year.
