Weaver & Friends
-
-

WELCOME to the first issue of the Dundee Library newsletter entitled Books and More. Greetings to our regular visitors and to all of the Dundee community, and to those beyond our community as well. All are welcome and invited to enter our doors. We would like you to get to know the library and all of the wonderful services offered. First and foremost is our expansive collection of books. By borrowing books people save time and money and derive much joy and satisfaction reading new books and rereading old favorites.

We also have free e-book downloads available through our library which includes current releases. Audiobooks can also be downloaded. Download great books to your devices.

Always popular are the many DVDs available. You don't have to buy DVDs at the store or rent them from the Red Box. Entertain your family for free; just be sure to return them on time. Do you have a VHS player? We have tapes.

By logging on to the library website you have a variety of magazines to peruse on your computer or device and you can even hear free music streaming from Freegal Music. To do all this and more, all you need is a Dundee Library card. Come in and get one if you don't already have one.

Check out our website and friend us on Facebook.

Did You Know.....?

- ...our library contains 22,464 books?
- ...that Benjamin Franklin is credited with starting the lending library system in the American colonies?
- ...the Dundee library building is 110 years old?

A Few Recommendations for Your Reading Pleasure

It's always exciting to start reading a brand new book or a best seller. Our new books are on display in the center of the main room. You will find Sisters First by Jenna Bush Hager and Barbara Pierce Bush. The twin daughters of President George W Bush and Laura Bush write about their special relationship through heartwarming stories and amusing anecdotes. Recently they've appeared on some TV talk shows. The stories of their college years when they would try to ditch their Secret Service detail had the audience laughing.

For mystery try The Woman in the Window by A.J. Finn.

Jeffrey Archer has written a book of short stories called Tall Tales. Time Magazine stated that the short story is becoming popular with many well-known novelists.

For those who like V.C. Andrews House of Secrets is the latest offering. Fans probably know that after the death of V.C. Andrews a few years ago that the family hired author Andrew Niederman to continue writing these popular books. Recently Niederman, a former English teacher in Fallsburg, NY, has begun writing his own books again which have been well received.

If any book mentioned here or any other book you may want has been borrowed you can ask the library clerk to reserve it for you and call you when it is available.

The Children's Corner

Now that spring weather has finally returned, here are a few good books for the little ones for the month of May:

Spring Song by Barbara Seuling
When Spring Comes by Kevin Henkes
and then it's spring by Julio Foglano
Ella and the Mother's Day Surprise
If You Plant a Seed by Kadir Nelson
Kylie Jean Green Queen by Marci Peschke
You are My Baby: Garden by Lorenea Siminovich
Goodnight Baby Animals by Karen Winnick

Check out the beautifully illustrated books by artist David Weisner. Having few or no written words, the whimsical pictures tell the story.

Bruce Weaver and Friends will appear at the library on May 30th at 4:30pm. This children's program features ventriloquist Bruce and his talkative little characters with singing, and a little magic. Your family will be amazed and delighted. Don't miss it!
